

COLUMBIA SCHOOL DISTRICT No 206

Principal: Mindi Hammill mhammill@columbia206.net

October 6, 2020

Hello Distance Learning Families:

We are so grateful for your patience as we have entered a realm we never expected to be in. Education and your child's learning experience looks different than any of us would ever predicted was possible. Yet, your children have embraced this new experience and worked to learn in spite of the circumstances. We are proud of our students, families and staff for all of their continued dedication to the education of all Columbia students.

- Distance education students will receive direct instruction via zoom and zip drive as directed by the classroom teacher
- Coursework will mimic that of face to face students.
- Coursework will have the same due dates and rigor as those students who are in face to face classes

Attendance

- Students will have attendance requirements daily which will be directed by your child's teacher. Students will need to log into every class to receive credit for attendance. If the student does not have wifi they will be expected to contact the office daily. Completing coursework daily and turning in an assignment via google classroom will be considered attendance as well.
- Distance learning students will have the expectation of daily attendance for the full period.

Meal Pick-up

Warm meals will not be delivered but will be available for pick up from Columbia daily from 12:30-1:30. For special pick up arrangements please contact the kitchen 509-722-3311.

Please feel free to email me or call the school with any questions or concerns you may have.

Sincerely,

Mindi Hammill, Principal
